PROFILE

Software Engineer with 5+ years of experience in building scalable web applications and cloud infrastructure. Proven track record of successfully implementing CI/CD, automating infrastructure, and delivering engaging user experiences. Proficient in Python, JavaScript, React.js, Node.js, SQL databases, and cloud platforms like AWS and Azure. Skilled in front-end development, UI/UX design, and eCommerce frameworks. Passionate about leveraging cutting edge technologies to create innovative solutions and solve complex problems.

Programming Languages:	Python, JavaScript, Bash
Front-End Frameworks:	React.js, Vue.js
Back-End Frameworks:	Django,Fast, Flask, Node.js, Express
Cloud Platforms:	AWS, Azure, Docker, Kubernetes
Databases:	PostgreSQL, MySQL, SQLite, MongoDB, NoSQL
CI/CD Tools:	GitHub Actions, Jenkins, Terraform
Other:	REST APIs, GraphQL, Agile/SCRUM, Jira/Trello, UI/UX Design

EXPERIENCE

KUBERNETES DEVELOPER Jan 2024 - Present

SIEMENS HEALTHIGHNEERS Erlangen, Germany

- Automating container image analysis and Dockerization processes.
- Architected Kubernetes infrastructure and automated deployment processes.
- Implementing continuous system monitoring and maintenance protocols.
- Integrating CI/CD pipelines with Kubernetes deployments for seamless workflows.
- Upholding security standards for all containers and Kubernetes operation.

CLOUD INFRASTRUCTURE Sep 2022 - Mar 2023

PUMA Herzogenaurach, Germany

- Designed, deployed, and managed Azure-based cloud solutions, with a focus on containerization.
- Implemented infrastructure using a combination of manual processes, Terraform, and shell scripting, resulting in a reduction in deployment time.
- Collaborated with cross-functional teams to optimize solutions.
- Developed and maintained comprehensive documentation related to cloud infrastructure and processes, resulting in a decrease in onboarding time.

CO-FOUNDER Asaan Recovery Jun 2021 - Aug 2022

ASAAN RECOVERY Karāchi, Sindh, Pakistan

- Created CRM , enhancing work management with innovative efficiency and transparency.
- Developed a role-based access system for enhanced security and user customization.
- Integrated SMS services for direct and efficient user communication.
- Optimized account and payroll management for seamless operations.
- Implemented strict data security, ensuring compliance with industry standards.

FULL-STACK WEB DEVELOPER Jun 2020 - Jun 2021

ONE STOP SOLUTION Karāchi, Sindh, Pakistan

- Conducted research, designed, implemented, and managed software programs.
- Developed projects such as CRM, utilizing both backend development and frontend designing.
- Integrated restful services into the software programs.
- Collaborated with experienced team members to conduct root cause analysis of issues and reviewed new and existing codes.
- Created technical documentation for future reference and reporting.

FULL-STACK WEB DEVELOPER Oct 2019 - Mar 2020

DXIGNLAB PVT LTD

- Assisted in web architecture design and implementation.
- Supported meeting user and technical needs.
- Helped build web application features.
- Contributed to optimizing the tech stack for speed and scalability.

EDUCATION

Master Of Science In Data Science Oct 2021 - Present

Friedrich-Alexander-Universität Erlangen-Nürnberg

Specialization: Artificial Intelligence/Machine Learning

Bachelor Of Science In Computer Science Jun 2016 – May 2020

Mohammad Ali Jinnah University
